Oaks Golf Club - April Newsletter

New Monthly Newsletter

This monthly newsletter will serve our members and guests with news and updates about what is happening at The Oaks Golf Club. We hope that you find this information exciting and helpful as we strive to provide great service and a fun experience for all who join us here at The Oaks!

Golf Cart Storage and Rental Carts

For those of you who utilize our cart storage sheds, here are a few updates. If you are recorded as having rented a space for 2025 and have not paid for your storage for the 2026 season, you will receive an invoice this week. Those invoices will be due by May 15, 2026. Any unpaid invoices after May 15, 2026, will continue to incur monthly invoices with an additional \$35 late fee and a 2.5% monthly finance charge until the balance is paid in full.

The Oaks Management asks that when you finish your round, you kindly park your carts in an area that allows traffic to continue passing through the front of the pro shop. Please utilize the parking spots on the west side of the pro shop or those along the rocks by the putting green. If you are finishing at dark, please remove your belongings from any rental carts so our staff can clean and put them away promptly, leaving them ready for the next day. Please park your personal carts in the sheds when you finish at dark so our staff can lock up and complete their duties in a timely manner. Thank you. Your cooperation and understanding are much appreciated!

USGA / GHIN Handicaps

The USGA / GHIN handicap system is now active in Minnesota. For anyone who has maintained their handicap at The Oaks, the yearly payment is now due. If you have not paid, you will be moved to the inactive list in our system. You will not be able to post scores until payment is made and your status is reactivated. If you are unsure whether you are paid in full for 2026, please contact Chad in the golf shop.

Patio TV's, Jukebox & Bar / Menu Service

We are working hard to enhance the overall experience for everyone who comes to The Oaks. If you haven't already heard the exciting news, we will be installing 2 new 75" TV's on the patio for this summer. We are hopeful that they will be installed this week and that the weather cooperates so you can all enjoy The Masters this weekend on the patio. We also have a new jukebox in the clubhouse that will play music both inside and through the patio speakers. If you haven't already downloaded the TouchTunes app, you should do it now. You can play music right from the comfort of your barstool, dining, or patio chair at any time.

We kindly ask that no personal speakers be used on the patio or inside the clubhouse. This will allow everyone to play the music of their choice and our staff to control the volume level. Your understanding and cooperation are greatly appreciated.

We are also working on scheduling a designated server for the patio area. This will begin as soon as things start to warm up and get busy. We will start with what we think is necessary and adjust to accommodate our busiest days & times.

We appreciate your patience and any suggestions you have as we work towards making this a well-serviced area for everyone to enjoy at our club.

We kindly ask that large groups of 10 or more people call ahead to notify us. This will help us prepare and ensure we have the right number of staff to provide our members and guests with the service we expect.

Online Tee-Time Bookings

We are excited to now offer online tee time bookings for all our members and guests. I have provided a link button below that takes you directly to the golf course's online booking page. You can save this page and return to it to make tee times throughout the season. Once the membership database is complete, members will be allowed to book tee times 14 days in advance and will be able to see who has booked the other tee times during any given day. Guests of The Oaks will be able to book tee times 7 days in advance, but will only see available tee times. The golf course bookings will remain active from April 1st until October 31st. The Simulator will have active bookings from October 1st until March 31st.

If you want to use the Simulator during the summer, please call the clubhouse to reserve your time slot. There will also be a link on our Oaks webpage that will take you to the booking page. This link will change from one season to the next to ensure you reach the correct page for either the Simulator or the golf course.
